

## Polished Rods

### Piston Steel

Polished rods are made from cold finish 1045 carbon steel. They are recommended for moderate-to-heavy loads where corrosion is not a factor.

### Alloy Steel

Polished rods are made from cold finish 4140 alloy steel. They are recommended for moderate-to-heavy loads under mild corrosive conditions.

### Sprayloy

These hard surfaced polished rods are made from cold finish 1045 carbon steel with a hard spray metal surface applied to the O.D. They are recommended for abrasive and corrosive conditions under moderate-to-heavy loads.

## Specifications

<b>Piston Steel</b>		
Size, in.	Length, ft.	Pin Size, in.
1 1/8	8	5/8 (15/16)
	11	5/8 (15/16) or 3/4 (1 1/16)
	16	5/8 (15/16) or 3/4 (1 1/16)
	22	5/8 (15/16) or 3/4 (1 1/16)
	26	3/4 (1 1/16)
	30	3/4 (1 1/16)
1 1/4	11	5/8 (15/16), 3/4 (1 1/16) or 7/8 (1 3/16)
	16	5/8 (15/16), 3/4 (1 1/16) or 7/8 (1 3/16)
	22	3/4 (1 1/16) or 7/8 (1 3/16)
	26	3/4 (1 1/16) or 7/8 (1 3/16)
	30	7/8 (1 3/16)
1 1/2	11	1 (1 3/8)
	16	7/8 (1 3/16) or 1 (1 3/8)
	22	7/8 (1 3/16) or 1 (1 3/8)
	26	7/8 (1 3/16) or 1 (1 3/8)
	30	7/8 (1 3/16) or 1 (1 3/8)
	36	1 (1 3/8)

<b>Alloy Steel</b>		
Size, in.	Length, ft.	Pin Size, in.
1 1/8	22	3/4 (1 1/16)
	26	3/4 (1 1/16)
	30	3/4 (1 1/16)
1 1/4	22	7/8 (1 3/16)
	26	7/8 (1 3/16)
	30	7/8 (1 3/16)
1 1/2	22	1 (1 3/8)
	26	1 (1 3/8)
	30	1 (1 3/8)

<b>Sprayloy</b>
