

Model MSB Mechanical Setting Tools are used to mechanically set MMB Bridge Plugs. It is designed to contain the upper slips of Bridge Plug in a safe retracted position while running to setting depth. The upper slips are released by right hand rotation and slacking off on the work string.

- Special designed Bow Spring provide positive control and allows one size Mechanical Setting Tools to cover a large range of casing weight
- Locked with Bridge Plug
- The Upper slips are held in a safe retracted position while running
- Can quickly be configured to set MMR Cement Retainers
- These tools can be used to run a number of Competitive brand Baker style bridge plugs

Part Number	Casing OD	Casing Wt. (T&C)	Tool OD
