

PROVEX FD™

Designed & field proven as the ultimate pig for the removal of liquids in pipeline. The ProVex FD™ backbone is made of tough, flexible foam. An engineered series of molded channels provide multiple wiping discs. Coating each channel with our durable polyurethane elastomer forms a cutting edge to each disc which facilitates longer runs.

ALL THESE FEATURES MAKE OUR ProVex FD™ THE MOST VERSATILE PIG IN THE MARKET TODAY.

APPLICATIONS:

- Removal of liquids in gas lines
- Wax removal in crude oil pipelines
- De-watering after hydrostatic testing
- Nitrogen purge

FEATURES & BENEFITS:

- Available in medium and high density foam
- Bi-Directional
- Single piece construction

SIZE: O.D.
